Summary

Web Developer with hospitality management experience to deliver client satisfaction. Recently earned Full Stack certificate, at University of Washington's Coding Bootcamp, gaining skills in JavaScript; Html; CSS; and responsive web design. Effective problem solver with a strong desire to put others ahead of my own personal needs while able to multitask. I have managed teams of up to 50 employees and know what it takes to be a team player. As a web developer with strong leadership experience, I am ready to tackle any obstacle in the path of creating the best product for the clients.
